**TARIFF FORMAT**

This tariff is divided into the following major sections:

General

Section 1: Definitions

Section 2: General Regulations

Section 3: Rules

Section 4: Rate Schedules

- A. Sheet Numbering:** Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would 14.1.
- B. Sheet Revision Numbers:** Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Michigan Public Service Commission. For example, the 4<sup>th</sup> revised Sheet 14 cancels the 3<sup>rd</sup> revised Sheet 14. Because of various suspension periods, deferrals, etc., the Michigan Public Service Commission follows in their tariff approval process, the most current sheet number on file with the Michigan Public Service Commission is not always the tariff sheet in effect. Consult the Check Sheet for the sheet currently in effect.
- C. Paragraph Numbering Sequence:** There are seven levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2
  - 2.1
  - 2.1.1
  - 2.1.1.1
  - 2.1.1.1.1
  - 2.1.1.1.1.1
  - 2.1.1.1.1.1.1
- D. Check Sheets:** When a tariff filing is made with the Michigan Public Service Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision.

Company provides competitive telecommunications services on a facilities-based and resale basis. Service is offered for dedicated point-to-point circuits to non-residential customers on a Distributed Antenna System pursuant to the terms of this Tariff. Descriptions applicable to specific offerings are found in the Rate Schedules of this Tariff. Service is not offered or available for purchase by residential and/or business end users.

Service is available 24 hours per day, seven days per week and is subject to the availability of necessary equipment and facilities and the economic feasibility of providing such necessary equipment and facilities.

In addition, within 10 days of initiating service, the Company will provide a new Customer a written statement of all material terms and conditions affecting what the Customer will pay for services provided by Company.

**3.6 ESTABLISHMENT AND RE-ESTABLISHMENT OF CREDIT**

Company may require Customer or potential Customer to provide information pertaining to its financial ability to pay for service. Company may deny service to Customers who do not provide the requested information or who fail to meet Company's financial criteria, unless the Customer is willing to pay a deposit based upon the rules contained in this tariff. If service was discontinued for non-payment of charges, the Company may request additional information from the Customer, and reserves the right to collect an advance payment and/or deposit prior to re-establishing service.

At the time an application for service is made, an applicant may be required to pay an amount equal to one month's service charges and/or the service connection and/or equipment charges which may be applicable, as well as any nonrecurring charges for any required special construction. The amount of the first month's service is credited to the Customer's account on the first bill rendered.

**3.6.1 Credit Information and Deposits (Cont'd.)**

- (b) Provides a cosigner or guarantor with credit history acceptable to the Company in order to establish credit for service; or
- (c) Provides a deposit to establish credit for service; provided however, the Company may determine the acceptable form of the Customer's deposit (*e.g.* cashier's check, money order, bond, or letter of credit).

**3.6.2 History of Late Payments**

The Company may, in order to safeguard its interests, require a Customer which has a history of late payments to the Company or does not have established credit to make a deposit prior to or at any time after the provision of service to the Customer, to be held by the Company as a guarantee of the payment of rates and charges. No such deposit will be required of a Customer that has established credit and has no history of late payments to the Company.

**3.6.3 Deposit Amount**

A deposit will be no greater than twice the estimated average monthly bill for the class of service requested. The fact that a deposit has been made in no way relieves the Customer from complying with the Company's requirement as to the prompt payment of bills. In the event a customer requests services in addition to basic service, the average bill will reflect the aggregate services requested by the Customer. If the amount of a deposit is proven to be less than required to meet the requirements specified above, due to non-payment, disconnection or both, the Customer shall be required to pay an additional deposit upon request.

**3.6.4 Return of Deposit**

Upon termination of service, or after twelve (12) months, whichever comes first, the deposit shall be credited to the Customer bill, and the balance, if any, shall be returned to the Customer within thirty (30) days. Interest shall be paid on deposits at the rate required by law, if any.

**SCHEDULE 4: TIME AND MATERIALS SERVICE**

**4.4 Service Description**

This service provides for the Time and Materials charges associated with installation, maintenance, testing and repair deemed to be associated with equipment and facilities not provided by the Company or deemed to be non-standard or non-routine.

The Company shall have no responsibility for the maintenance and repair of any kind with respect to equipment and facilities not provided by the Company. The Company will charge the Customer time, materials and charges listed in Section 2 for any maintenance visits with respect to service problems which are determined to arise from equipment or facilities not provided by the Company.

When a Customer reports a trouble to the Company for clearance and no trouble is found in the Company's facilities, the Customer shall be responsible for payment of Time and Materials Charges as listed in Section 2 for the period of time from when the Company personnel were dispatched to the Customer's premises to when the work is completed. Failure of Company personnel to find trouble in Company facilities will result in no charge if the trouble is actually in those facilities, but not discovered at the time.

If the Customer, after being informed that the trouble is not in Company facilities, wishes to have the maintenance work performed by Company, and the Company agrees to perform the work, the Time and Materials Charges listed below shall apply.

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases Time and Materials Charges listed in Section 2 will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.
