TARIFF FORMAT

This tariff is divided into the following major sections:

General

Section 1: Definitions

Section 2: General Regulations

Section 3: Rules

Section 4: Rate Schedules

- A. Sheet Numbering:** Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would 14.1.
- B. Sheet Revision Numbers:** Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the New Jersey Board of Public Utilities. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc., the New Jersey Board of Public Utilities follows in their tariff approval process, the most current sheet number on file with the New Jersey Board of Public Utilities is not always the tariff sheet in effect. Consult the Check Sheet for the sheet currently in effect.
- C. Paragraph Numbering Sequence:** There are seven levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2
 - 2.1
 - 2.1.1
 - 2.1.1.1
 - 2.1.1.1.1
 - 2.1.1.1.1.1
 - 2.1.1.1.1.1.1
- D. Check Sheets:** When a tariff filing is made with the New Jersey Board of Public Utilities, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision.

SECTION 2. GENERAL REGULATIONS (cont'd.)

2.2 USE OF SERVICE

2.2.1 Service may be used by the Customer for any lawful purpose for which the service is technically suited.

2.2.2 The Customer obtains no property right or interest in the use of any specific type of facility, service, equipment, process, or code. All right, title and interest to such items remain, at all times, solely with the Company.

2.2.3 Recording of telephone conversations of service provided by the Company under this tariff is prohibited except as authorized by applicable federal, state and local laws.

2.2.4 Use and Ownership of Equipment

The Company's equipment, apparatus, channels and lines shall be carefully used. Equipment furnished by the Company shall remain its property and shall be returned to the Company whenever requested, within a reasonable period following the request, in good condition (subject to reasonable wear and tear). The Customer is required to reimburse the Company for any loss of, or damage to, the facilities or equipment on the Customer's premises, including loss or damage caused by agents, employees or independent contractors of the Customer through any negligence.

2.3 RESPONSIBILITIES OF THE CUSTOMER

The Customer is responsible for: 1) placing any necessary orders; 2) complying with tariff regulations; 3) for assuring that users comply with tariff regulations; 4) payment of charges for calls originated from the Customer's telephone lines.

SECTION 2. GENERAL REGULATIONS (cont'd.)

The Customer is responsible for maintaining its terminal and interconnection equipment and facilities in good operating condition. The Customer is liable for any loss, including loss through theft, of any Company equipment installed at Customer's premises.

The Customer shall be responsible for all calls placed by or through Customer's equipment by any person. In particular and without limitation to the foregoing, the Customer is responsible for any calls placed by or through the Customer's equipment via any remote access features.

2.4 SPECIAL ARRANGEMENTS AND CONSTRUCTION

Special arrangements will be developed on a case-by-case basis in response to a bona fide special request from a Customer or prospective Customer to develop a competitive bid for a service not generally available under this Tariff. Customer may be required to pay in advance for some or all costs for construction or rearrangement of facilities needed for special arrangements and construction. Such payments shall not be considered to be a service deposit. Rates and charges for special arrangements or special construction will be set forth in writing in individual contracts. Special arrangements will be offered on a non-discriminatory basis to similarly situated Customers in substantially similar circumstances. Upon request, Company will make available to the Board and its staff copies of customer contracts on a confidential basis.

Where the Company furnishes a facility or service under a special arrangement or special construction, charges will be based on the costs incurred by the Company and may include: (1) non-recurring charges; (2) monthly recurring charges; (3) termination liabilities; or (4) combinations thereof.

Competitive Local Carrier

SECTION 2. GENERAL REGULATIONS (cont'd.)

2.4.1 Basis for Cost Computation

Costs for special construction may include one or more of the following items to the extent they are applicable:

- (a) installation of equipment and materials provided or used;
 - (b) engineering, labor and supervision during construction;
 - (c) transportation of materials; and
 - (d) rights of way, easements or other property rights required for transmission facilities;
- 2.4.1.2** Cost of maintenance;
- 2.4.1.3** Depreciation on the estimated cost installed of any facilities provided, based on the anticipated useful service life of the facilities with an appropriate allowance for the estimated net salvage;
- 2.4.1.4** Administration, taxes and uncollectible revenue on the basis of reasonable average costs for these items;
- 2.4.1.5** License preparation, processing and related fees;

To the extent that Company cannot use or reuse facilities requested by Customer or necessary for special arrangements or construction, a termination liability may apply whether or not the Company has begun providing service.

2.4.2.1 The termination liability period is the estimated service life of the facilities provided.

2.4.2.2 The amount of the maximum termination liability is equal to the estimated cost for installation and operation of the service during its service life. Costs include **those** items previously listed in Section 2.5.1 above.

2.4.2.3 The **applicable** termination liability will be calculated based on the following:

2.4.2.3.1 Multiplying the sum of the amounts determined as set forth in Section 2.5.1 above by a factor related to the unexpired period of liability and the discount rate for return and contingencies.

2.4.2.3.2 The amount determined in Section 2.5.1 above shall be adjusted to reflect the predetermined estimate net salvage, if any, including any reuse of the facilities provided.

In such cases, charges based on the cost of labor, material, and other costs incurred by or charged to the Company will apply. If installation is started during regular Business Hours but, at the Customer's request, extends beyond regular Business Hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

2.6 PROMOTIONS

From time to time, the Company may offer services or waive or vary service rates for promotional, market research or other similar business purpose. Should the Company offer promotions, it will provide appropriate notice.

Competitive Local Carrier

SECTION 3. RULES AND REGULATIONS

3.1 DESCRIPTION OF SERVICE

Company provides competitive telecommunications services on a facilities-based and resale basis. Service is offered for dedicated point-to-point circuits to non-residential customers on a Distributed Antenna System pursuant to the terms of this Tariff. Descriptions applicable to specific offerings are found in the Rate Schedules of this Tariff. Service is not offered or available for purchase by residential and/or business end users.

Service is available 24 hours per day, seven days per week and is subject to the availability of necessary equipment and facilities and the economic feasibility of providing such necessary equipment and facilities.

Services are offered via the Company's facilities (whether owned, leased, or under contract) where available, in combination with facilities or resold services provided by other carriers or providers.

3.2 APPLICATION FOR SERVICE

Applicants must initiate service with the Company pursuant to a completed and signed written service order. Prior to finalizing a written agreement for services, the Company will inform Customer of all rates and charges for the desired services and any other rates or charges that will appear on the Customer's first bill.

In addition, within 10 days of initiating service, the Company will provide a new Customer a written statement of all material terms and conditions affecting what the Customer will pay for services provided by Company.

Filing an application for service pursuant to this Tariff authorizes the Company to conduct a credit search on the Customer. The Company reserves the right to refuse service, or may require Customer to pay a deposit or guarantee, on the basis of credit history.

The Company shall provide applicants who are denied service for failure to establish credit or failure to pay a deposit the reason for the denial in writing within 10 days of the service denial.

Competitive Local Carrier

SECTION 3. RULES AND REGULATIONS (cont'd.)

3.3 CANCELLATION OF APPLICATION FOR SERVICE

Where the applicant cancels an application for service prior to the receipt of final order confirmation, or prior to the start of special construction, no charge applies.

Where installation of service has been started prior to the cancellation, a cancellation charge equal to the costs incurred by the Company may apply. Such charges will be calculated on a case-by-case basis.

3.4 CONTRACTS

Contracts will be used in special circumstances for Individual Case Basis ("ICB") service offerings or Special Construction. Contracts will be offered in response to the specific, individual requirements of the customer. Such contract rates or customer-specific pricing differs from the Company's standard or general tariffed offerings because they are based on special circumstances such as a volume or term commitment, or a Customer-specific service arrangement. The terms and conditions of each contract offering are subject to the agreement of both the Customer and Company.

Contract offerings will be made available to similarly situated Customers in substantially similar circumstances. Contracts are available to any similarly situated Customer that places an order within 90 days of the contract's effective date. Upon request, the Company will make copies of such contracts available to the Board for review on a confidential basis.

Competitive Local Carrier

SECTION 3. RULES AND REGULATIONS (cont'd.)

3.5 INFORMATION ON CUSTOMER BILLS

The Company shall be identified on each Customer bill. Each bill will prominently display a toll-free number for service or billing inquiries, together with an address where the Customer may write to the Company. If the Company uses a billing agent, the Company will also include the name of such billing agent. Each bill for telephone service will contain notations concerning the following:

- (a) When to pay the bill;
- (b) Billing detail, including the period of service covered by the bill;
- (c) Late payment charges and when they apply;
- (d) How to pay your bill;
- (e) Questions about your bill;
- (f) Network access for interstate calling;
- (g) How to contact the Company with questions about the bill.

3.6 ESTABLISHMENT AND RE-ESTABLISHMENT OF CREDIT

Company may require Customer or potential Customer to provide information pertaining to its financial ability to pay for service. Company may deny service to Customers who do not provide the requested information or who fail to meet Company's financial criteria, unless the Customer is willing to pay a deposit based upon the rules contained in this tariff. If service was discontinued for non-payment of charges, the Company may request additional information from the Customer, and reserves the right to collect an advance payment and/or deposit prior to re-establishing service.

At the time an application for service is made, an applicant may be required to pay an amount equal to one month's service charges and/or the service connection and/or equipment charges which may be applicable, as well as any nonrecurring charges for any required special construction. The amount of the first month's service is credited to the Customer's account on the first bill rendered.

3.6.1 Credit Information and Deposits

Each applicant for service shall provide credit information satisfactory to the Company or pay a deposit. Deposits shall not be required if the Customer:

- (a) Provides credit history acceptable to the Company;

Competitive Local Carrier

(b) SECTION 3. RULES AND REGULATIONS (cont'd.)

- (c) Provides a cosigner or guarantor with credit history acceptable to the Company in order to establish credit for service; or
- (d) Provides a deposit to establish credit for service; provided however, the Company may determine the acceptable form of the Customer's deposit (*e.g.* cashier's check, money order, bond, or letter of credit);

3.6.2 History of Late Payments

The Company may, in order to safeguard its interests, require a Customer which has a history of late payments to the Company or does not have established credit to make a deposit prior to or at any time after the provision of service to the Customer, to be held by the Company as a guarantee of the payment of rates and charges. No such deposit will be required of a Customer that has established credit and has no history of late payments to the Company.

3.6.3 Deposit Amount

A deposit will be no greater than twice the estimated average monthly bill for the class of service requested. The fact that a deposit has been made in no way relieves the Customer from complying with the Company's requirement as to the prompt payment of bills. In the event a customer requests services in addition to basic service, the average bill will reflect the aggregate services requested by the Customer. If the amount of a deposit is proven to be less than required to meet the requirements specified above, due to nonpayment, disconnection or both, the Customer shall be required to pay an additional deposit upon request.

3.6.4 Return of Deposit

Upon termination of service, or after 12 months, whichever comes first, the deposit shall be credited to the Customer bill, and the balance, if any, shall be returned to the Customer within 30 days. Interest shall be paid on deposits at the rate required by law, if any.

Competitive Local Carrier

SECTION 3. RULES AND REGULATIONS (cont'd.)

3.7 NOTICES

Notices provided to the Customer by the Company shall be as follows:

3.7.1 Rate Information

Rate information and information regarding the terms and conditions of service shall be provided in writing upon request by a current or potential Customer. Notice of rate increases and/or more restrictive term or condition of service shall be provided in writing to Customers and postmarked at least 25 days prior to the effective date of the change or on the date when the Company submits the advice letter filing, requesting approval of such change, to the Board's Telecommunications Division, whichever date is earlier. The notice must describe the current and proposed rates, charges, terms or conditions, as appropriate. Such notice may be accomplished via one or more combination(s) of the following means: bill inserts, notice printed on bill, or separate notice sent first class mail (or by email to customer who receives bills from the Company by email). Notice by first class mail is complete when deposited in the mail; and notice by email is complete upon successful transmission. No Customer notice shall be required for rate decreases.

3.7.2 Discontinuance of Service Notice

3.7.2.1 Notice by Customer

Customer is responsible for notifying the Company of its desire to discontinue service on or before the date of disconnection. Such notice must be in writing. In compliance with New Jersey law, the Company shall discontinue service within 48 hours of receipt of Customer's written request to terminate.

Competitive Local Carrier

SECTION 3. RULES AND REGULATIONS (cont'd.)

3.7.2.2 Notice by Company

Notices to discontinue service for nonpayment of bills shall be provided in writing by first class mail to the Customer not less than 7 calendar days prior to termination. Service shall not be terminated on Fridays, Saturdays, and Sundays or on the day before a holiday or on a holiday.

Each notice shall include all of the following information:

- (a) The name and address of the Customer whose account is delinquent.
- (b) The amount that is delinquent.
- (c) The date when payment or arrangements for payment are required in order to avoid termination.
- (d) The telephone number of a representative of the Company, who can provide additional information or institute arrangements for payment.

3.8 RENDERING AND PAYMENT OF BILLS

The Customer is responsible for payment of all charges for services and equipment furnished by the Company to the Customer. All charges due by the Customer are payable to the Company or to the Company's authorized billing agent upon presentation of the bill. Any objections to billed charges must be reported to the Company or its billing agent within one year after receipt of bill. Adjustments to the Customer's bill shall be made to the extent circumstances exist that reasonably indicate that such changes are appropriate.

Competitive Local Carrier

SECTION 3. RULES AND REGULATIONS (cont'd.)

3.8.1 Collection Fees & Expenses

In the event that the Company incurs fees or expenses, including attorney's fees, collecting, or attempting to collect, any charges owned to the Company, the Company may charge the Customer all such fees and expenses reasonably incurred, including a collection fee on the unpaid charges accruing at a rate of one-and-one half percent (1.5%) per month. Collection fees on unpaid charges shall begin to accrue when the account is assigned to an outside collection agency. Such collection fees are separate and distinct from attorney's fees and other costs incurred in collecting charges owed to the Company. In any legal dispute between the Customer and the Company, the non-prevailing party may be liable for court costs and attorney fees as determined by the court or the Board.

3.8.2 Bill Payment

Bills are due and payable on the date of presentation. A late payment charge may be applied if payment is not received by the Company on or before the late payment date that shall be prominently displayed on the Customer's bill. The late payment date will be at least 30 days after the date of presentation on the billing envelope. The Company shall credit payments within 24 hours of receipt to avoid assessing late payment charges incorrectly.

3.8.3 Surcharges

In addition to other sales and usage taxes, the Company will add to Customer's bill certain federal, state and local surcharges. Such charges shall be separately stated on the Customer's bill.

3.8.4 Previous Charges On Bill

A bill will not include any previously unbilled charge for service furnished prior to three months immediately preceding the date of the bill.

Competitive Local Carrier

SECTION 3. RULES AND REGULATIONS (cont'd.)

Customers should notify the Company's customer service organization of billing disputes in writing. In the case of a dispute between a Customer and the Company as to the correct amount of a bill rendered by the Company for service furnished to the Customer, which cannot be resolved with mutual satisfaction, the Customer may make the arrangements set forth below. The Company will not suspend or discontinue the Customer's service for non-payment so long as the Customer complies with the procedures set forth in this Section.

3.9.1 Company Investigation

The Customer may make a written request, and the Company shall comply with the request, for an investigation and review of the disputed amount. Inquiries or disputes regarding Customer bills should be directed to:

Monthly Recurring Rate Elements

The following monthly recurring rate elements apply to Dedicated Point-To-Point PVC Transport Service:

1. Signal Conversion Rate

Signal Conversion Rates apply where Company owns the RF/optical conversion equipment. Signal Conversion Rates are not applicable when the Customer owns the RF/optical conversion equipment.

2. Local Signal Conversion Rate

A Local Signal Conversion Rates applies when the RF/optical conversion equipment located at the Head End is owned and operated by Company.

5. Permanent Virtual Circuit ("PVC") Rate Elements

PVC Rate Elements relate to both the physical layer and the bandwidth required to create a PVC to transport Customer's CIR from the Head End to one or more POPs on the Company DAS network. The rate elements that will apply depend on the type of optical conversion and multiplexing methodology used to aggregate one or more Customer CIR Tiers over a PVC to one or more POPs.

a. Dedicated Strand Charge

The Dedicated Strand Charge applies to PVCs utilizing one or more dim or dark fibers between the Head End and the POP(s).

b. SONET Ring Charge

The SONET Ring Charge applies to a PVC deployed on a SONET ring network configuration, using Dedicated Strand(s) or WDM, engineered in a point to multi-point configuration. SONET Ring PVCs may be provisioned using customary add/drop, physical interconnect or WDM technology for both originating and terminating traffic, from a head end to one or more POPs connected to the SONET Ring.

c. Add/Drop Charges

Add/Drop charges apply to each POP requested by Customer on a SONET Ring or point to multi-point PVC.
